DESIGNED FOR YOU

The **DENZA B5** redefines everyday driving. Powered by DMO Technology, its 1.5L turbo engine and dual electric motors delivers smooth, capable power with 2.5-ton towing backed by front and rear mechanical differential locks for genuine all-terrain assurance. Inside, massaging seats, a cooling refrigerator and warming hot box, vehicle-to-load capability, and a Devialet sound system create a space that's both refined and refreshingly forward-thinking. The **DENZA B5** proves modern driving isn't reserved for special occasions, it's also for the day-to-day drive.

WHERE STRENGTH MEETS SOPHISTICATION

The DENZA B5 brings together power, precision and refined comfort in one commanding package. From its dynamic performance to its thoughtfully crafted interior, every detail is designed to elevate the way you move in every day. Its compact size delivers 220mm ground clearance for tackling rough terrain. Its shorter wheelbase also gives it a 29° approach angle for better agility.

DENZA B5 DMO SUPER HYBRID OFF-ROAD SUV

The DENZA B5 comes equipped with double wishbone suspension offering uncompromised comfort and stability both on and off road.

DMO - SUPER HYBRID CHASSIS

CELL-TO-CHASSIS

The DENZA B5 incorporates **Cell-to-Chassis (CTC) structure** that integrates the battery into the chassis for greater rigidity and strength. 96% high-strength steel in the body and 19% ultra-high-strength steel in impact zones helps the B5 achieve a 30% reduction in front impact and 25% reduction in side impact intrusion

LOCK IT UP

Front and rear mechanical diff-locks ensure traction in challenging off-road environments. Whether towing 2.5 tons or tackling rock, sand, or slate, the B5 performs with unshakable confidence and composed precision.
